

HANDBOOKS OF JAPANESE LANGUAGE AND LINGUISTICS

Ed. by Masayoshi Shibatani, Taro Kageyama

The Handbooks of Japanese Language and Linguistics surpass all currently available reference works on Japanese in both their scope and depth, and provide a comprehensive survey of nearly the entire field of Japanese linguistics for the general academic community as well as for specialists in the fields of Japanese and linguistics. Each volume includes a balanced selection of contributions by established linguists from Japan as well as outside Japan which summarize mile-stone achievements in the field, provide an overview of the state of the art, and point to future directions of research.
